Extra Info

Brandon Santini & His Band aim for a very harmonica & guitar driven sound with the band revolving around the harmonica and main vocal. Harmonica solos should not be buried in the mix and should be prevalent. It is not considered a backing instrument in this band.

On U.S. & Canada dates (non-fly), Brandon Santini will provide his own microphone stand and harmonica amp.

We look forward to working with you and your crew as a team. If there is anything we can do to make your job easier please let us know. Thank you in advance!
